# MARIA CHESKA JALOTJOT

**ASPIRING WEB DEVELOPER | EXPERIENCED CUSTOMER SERVICE PROFESSIONAL**

I am a dedicated and adaptable professional with over five years of experience in the call center industry. I've handled both voice and chat accounts for major U.S. clients, and I've developed strong skills in communication, technical troubleshooting, and customer service. I'm now expanding my knowledge in web development and have hands-on experience with HTML, CSS, JavaScript, PHP, and MySQL. I want to combine what I've learned from helping customers with my technical skills to build efficient and user-friendly digital solutions.

---
